```

PROGRAMM

The Eclipse Day Vorarlberg aims to facilitate networking and face-to-face communications between Eclipse users. Therefore we'd like to invite you to our first Eclipse Day at the FHV (Vorarlberg University of Applied Sciences).

08:30 **Tutorial: Writing JavaFX applications use Eclipse as IDE and runtime platform**
Tom Schindl

11:30 Lunch break

12:30 **Welcome address**
Ralph Müller, Director Eclipse Ecosystem Europe
Dr. Oskar Müller, Rektor der FH Vorarlberg

12:45 **Java FX at Eclipse**
Tom Schindl

13:40 **Persist and modify model instances with CDO (Eclipse im Rheintal)**
Thomas Huster

14:15 **Are you still manually coding UIs? EMF Forms**
Jonas Helming

15:00 Coffee break

15:30 **Predicting the next Eclipse**
Chris Giblin

16:25 **Maven Tycho in practice (Eclipse im Rheintal)**
Christian Mathis, Martin Schreiber

17:00 **Who writes the user manual?**
Marco Descher

17:45 Drinks and Discussion

This event is colocated with a PIONIERBASIS talk of Dr. Elmar Jürgens. His talk "Vom Wiegen allein wird die Sau nicht fett" will start at 18:30. For further information and registration see <http://www.pionierbasis.com>

SPEAKERS

Tom Schindl is one of the owners of BestSolution.at a small software company in Austria. He is a longterm committer on various Eclipse Projects like PlatformUI, e4, EMF, ... and member of the Eclipse Architectural Council.

Jonas Helming is General Manager of EclipseSource Munich. He has many years of experience with Eclipse RCP and EMF and works as a software engineer, consultant and trainer. He is project lead of the EMFStore and the EMF Client Platform project. He researches and teaches at the Technische Universität München.

Chris Giblin has been a software engineer at IBM Research in Zurich since 2000 where he has helped to implement a wide range of research projects in the areas of systems management and security. His current interests include programming, middleware, data anonymization, access control and analytics. Prior to joining IBM Research, he worked for many years as a software engineer in various commercial settings.

Marco Descher is research assistant at the FHV and works on the FFG research project Écrit. He recently became committer to the e4 project and is one of the owners of MEDEVIT, a small software development company.

Thomas Huster is one of the owners of MEDEVIT. He develops Java applications for more than 7 years and teaches Eclipse RCP at the FHV.

Christian Mathis is a software developer at Bachmann electronic. He develops Eclipse RCPs and plugins for more than 9 years and has several years of experience with different build systems for Eclipse.

Martin Schreiber is a Software Developer at Bachmann electronic. He develops Java applications for more than 14 years, from small mobile apps to high scalable web applications. Recently he became a contributor to the Tycho project.

REGISTRATION AND CONTACT

Registration

Registration opens now under <http://veranstaltungen.fhv.at/eclipseday>
The number of attendants is limited. Registration closes on April 22.

Fee for JavaFX Tutorial: € 10,-
Students and FHV Alumni are free
